

REMARKS/ARGUMENTS

The Applicant has added a new paragraph to page 1 of the specification entitled "Cross Reference to Related Application". The Applicant submits that this amendment introduces no new matter.

The amendment to the co-pending applications paragraph is to update the list of co-pending applications with USPTO application serial numbers/ granted patent numbers.

In relation to Item 1 of the Office Action, the original claims were incorrectly numbered. The total number of claims should have been 19, accordingly the second instance of original claim 12 has been renumbered to be new claim 13 and following dependent claims renumbered accordingly.

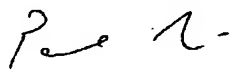

In relation to the double patenting rejection, the Applicant herewith submits a terminal disclaimer to address this rejection.

In view of the foregoing, it is respectfully requested that the Examiner reconsider and withdraw the rejections under non-statutory double patenting. The present application is believed to be in condition for allowance. Accordingly, the Applicant respectfully requests a Notice of Allowance of all the claims presently under examination.

Very respectfully,

Applicants:
